RE: A formal request and complaint, that requires immediate attention.

Dear Madam/Sirs:

Oct. 18, 2010

Opening Statement;

As you know, a number of Mayoralty candidates who wanted to be and should have been part of the recently held Mayoralty debate at the University of Toronto - Mississauga, were barred from doing so. Substantial evidence has been gathered to show that the Mississauga Residents' Associations Network (MIRANET) and Rogers, held a Mayoralty debate that was deeply flawed by bias, Conflict of Interest, improper actions, maybe even Bribery and Frauds on the government such that, it can be considered sufficiently tainted by corrupt practices. Most significant is the fact it has been and will be broadcasted more than once by Rogers, claiming it is a proper all-candidates forum that will affect who voters will choose when casting their election ballots - the power of the media in elections can not be over stated.

In this case, a bias or advantage in favour of the incumbent Mayor - Hazel McCallion and as she is running a slate of candidates who can work for with her, affects most elections currently being held. Even though some sections of the Criminal Code are noted, this matter is first and foremost the City of Mississauga's responsibility to deal with and holding an all-candidates debate in the Great hall at City hall, will significantly help to rebalance the election in the minds of Mississaugans voters. Many Mayoralty candidates who have paid their nomination fees to the City, were not able to participate in the MIRANET Mayoralty debate for various reasons, who would have liked to have, should have, participated with Mississauga's voters and taxpayers attending & asking questions.

The City is in a position to take action to ensure an election according to the highest Democratic principles of fairness for Mississaugans. Again, **it is asked that you assist us in the effort to use the great hall at City hall or maybe some other, easy to find and use space for the desired true town hall meeting.**

Overview of the situation - please read carefully;

An election in a Democracy is a sacred trust, paid for by the sacrifice of lives and blood of all those who created Canada and is not to be taken for granted. An election in Canada is an essential public service, as a free and fair election is necessary for a healthy, safe and secure Democracy. The disruption or in some way facilitating the disruption of the government process of a free and fair election by unfair and corrupt practices/means for political purposes/gains, should be seen as a threat to its integrity, its intended purpose and the accurate results regarding who Canada voters declare should form our government(s). The government body responsible for an elections operation and oversight needs to immediately take such action as to return the election to its proper state or balance for all those involved, when called upon.

The City's duty is both to the legislation that governs elections (and related legal processes), and to Mississaugans, to do all it can to ensure a lawful, fair and honest election - free of corrupt practices. It can be said the City of Mississauga has a fiduciary duty to Mississaugans, as a proper election is in their best interests. "A fiduciary is someone who has undertaken to act for and on behalf of another in a particular matter in circumstances which give rise to a relationship of trust and confidence." - Bristol & West Building Society v Mothew [1998] Ch 1 at 18 per Lord Millett. It can also be said that City staff are in an ethical relationship (or duty) of confidence and good conscience that it requires them to act at all times with good faith and loyalty for the greater benefit and interests of Mississaugans, then those of the City's politicians, in a time of election. To do otherwise would be a neglect of duties.

The Election Act may not directly say the City is to ensure fair campaigns by incumbents and their supporters, however the wording of the Act is clear in its wording and intent to ban false and misleading statements/practices by those involved as well as corrupt practices in general. Therefore; for the City of Mississauga to say it must be "complete neutrality in respect of the political campaigns conducted by candidates up to and including that date is essential." is to ignore both the fore mentioned regarding elections in Canada and the City's fiduciary duty to Mississaugans as well as Canadian Democratic traditions in general. Which can be seen as being done for the benefit of the incumbents election efforts. It also needs to be noted that in Canada, if a person or government body is in the position to help citizens in distress, being intimidated, harmed and/or bullied - there it is the expectation that efforts to help, to right a wrong should be made.

The Mississauga Judicial Inquiry (MJl) testimony has made public that for years the Mayor has been using her position in a highly questionable fashion for her own self interest and in the past she has been found to have committed a Conflict of Interest as Mayor. An invisible government she conducted to hide her and her family's business gains.

Therefore; conditions favorable for corruption - it is not unreasonable to suggest that a Mayor who has been in power for more than 30 years would have a network of friends and supporters (Cronyism) in Mississauga who would do whatever they can to assist her re-election and later be rewarded in some way by the Mayor's office. Also bearing in mind the Mayor doesn't spend money on election campaigns or undertake a conventional election campaign but still gets elected.

One of the elements of the Mayor's success in getting re-elected over and over is another element of corrupt practices in Mississauga, the lack of investigative reporting in the local media that has greatly contributed the lack of administrative transparency in City hall. This will be noted in greater details later on - the City should not expect others to do their duty for Mississaugans.

The City must also seriously consider the public's perception of corrupt practices detailed in MJJ testimony as to how business was/is done in Mississauga by elected officials and as no action to correct the exposed corrupt practices has been undertaken, it would be reasonable to assume they still are going on, in one form or another. Remember when it comes to Conflict of Interest and other political circumstances, its - what would a reasonable and unbiased person in the community perceive, when made aware of the facts or in the wording of the MJJ, the "optics" of a situation? The City must be seen as serving the public's interests in ensuring a free and fair election in a Democracy and not aiding the incumbents.

It is known that in Mississauga shady deals and Conflict of Interest have occurred and very likely are currently going on, such things like trading in influence, favours, influence peddling and improper influence is not a far fetched matter to consider. A conflict of interest can occur when an individual or organization is involved in multiple interests and that can be seen with both members of MIRANET and the Mayor. That a campaign contribution by way of the manner in which an all-candidates meeting or debate is held, can aid or benefit the incumbent over the other candidates. That after having done so and the successful re-election of the incumbent, those who assisted the re-election are in line for reward for helping to maintain the political status quo.

City of Mississauga staff must not underestimate the power of the media, especially TV, to influence viewers opinions and the behavior of voters. City staff must believe they have a duty to the voters and the Canadian election process to deal with the broadcasting of false, misleading statements and presentations - to do what it can to fix a wrong before election day, to save everyone the cost of trying to fix the errors later, as the City is in the best position to do so - now.

The community group at the core of this matter is Mississauga Residents' Associations Network (MIRANET) - the so-called umbrella organization for Mississauga Ratepayers. In fact, MIRANET notes its own representation of Ratepayers groups as follows; Ward 1, 7 - Ward 2, 9 - Ward 3, 1 - Ward 4, none - Ward 5, none - Ward 6, none - Ward 7, 3 - Ward 8, 4 - Ward 9, none - Ward 10, 2 - Ward 11, 1 = 27 City groups wide. In a City with a population of about 7000,000, they represent a minority of primarily homeowners in small sections of their Wards and even in their geological area, few are actually paying members. Their concerns are mostly those of homeowners and questionable regarding renters issues, who make up a sizable population in Mississauga. For MIRANET to presented itself as "City-wide network of Ratepayer and Residents' Associations in Mississauga", is less than accurate and misleading to Mississaugans regarding representing the true City issues of the day. MIRANET states - "Our intention is to work collectively in a positive and constructive manner with the City and other levels of government to promote the interests of Mississauga residents and contribute to the City's success.", in other words a lobbying group or their own interests. As MIRANET does business with the City as a lobbying group and it is a well known fact that to do business with the City of Mississauga, you have to be on the Mayor's good side, we wonder just how fair MIRANET could be.

Even though some sections of the Criminal Code are noted, this matter is first and foremost the City of Mississauga's responsible to deal with and holding an all-candidates debate in the Great hall at City hall will significantly help to rebalance the election in the minds of Mississaugans voters. The City is in a position to take action to ensure an election according to the highest Democratic principles of fairness for Mississaugans.

Miranet rules for debate;

Miranet wanted a certain kind of person/candidate at the debate, to present to the public the candidates who satisfied their beliefs or biases, knowing the voters will give greater consideration to those presented in the broadcast. To protect the Mayor at the debate from the stress a true debate would have, by breaking the group of candidates into just three at a time. As the Mayor has lost control of Council, important to give her a smaller, more manageable group. Also, by imposing a harsh set of dictatorial rules MIRANET sets out to eliminate those who either fail to jump through their hoops by accident or who have moral and ethical issues with them. It needs to be noted that is the first time candidate Donald Barber, who is in his 5th campaign for the Mayor's seat has ever been asked to sign a contract regarding the rules of an election debate and such a threatening one.

The City should take a stand against this kind of effort at muzzling election candidates by way of contract, as it is a direct attack on Canada's Democratic culture, traditions and Charter of Rights & Freedoms.

They also do great harm to candidates reputation in the community if they don't sign for obvious moral and ethical reasons, it will none-the-less be suggested they can't follow rules - sucker punch.

The two pages of MIRANET's "Debate Policies and Rules for Candidates" are clearly drafted by a legal minded person with the intent to create as many ways as possible to remove candidates from the debate or intimidate them into submission. In no way can a reasonable person say these rules are "common sense" rules. In fact, Ratepayers debates before this one have never required candidates to send in a statement they agree "unconditionally" to their forum's rules. One of the true reasons for this extra level of bureaucracy is MIRANET's stated desire to ban candidates not in the debate from the room - they can't watch, record or even be a witness. Clearly, that fact shows MIRANET is setting out to create a very special environment for the Mayor. Also, these kind of rules are very useful in creating conflicts with candidates by organizations that wish to discredit a candidate in the eyes of votes, for the benefit of another candidate. Another reason the City should not allow such contact or extreme wording in debate rules, as it will likely lead to unnecessary conflict and even violence - police action in elections.

MIRANET required the signing of their rules and Rogers release, which MIRANET regards as a ironclad contract and this can be seen in video of the events at U of T, Dorothy Tomiuk, MIRANET Spokesperson - "Its in writing, he accepted it, if he doesn't accept it, he is out on his ass too - got that?" On the YouTube video - Fascist Mississauga debate by MIRANET at UofT. Her out-burst speaks volumes as to the kind of negative interpretation MIRANET would apply to a candidate taking a positive moral or ethical stand on a issue.

Most importantly there were two guards or Black Shirts at this meeting (that could be seen), one was even in a bullet proof vest and that has never happened before in a Mississauga all-candidates debates. Not only was MIRANET planning on conflict but they have sunk Mississauga to a new low of paranoia! Another harmful effect on the Mississauga political community that the City must not let happen again.

The wording MIRANET used (and in conversation with John F Walmark), targeted candidate Barber with its comments to the media and indicated MIRANET wanted to make sure the Mayor didn't have to worry about pictures and video that didn't show her at her best. "Candidates "fiddling" with recording equipment could be distracting, she says.", "Tomiuk says the policy is designed to minimize distractions for the candidates and the audience. "You can't be a candidate and be fiddling with a camera," she said." MIRANET has decided who can and can not be a candidate and projects this opinion to those who watch the debate (by the absence of the candidates) or reads these comments and thinks the same. MIRANET is aiming to make sure those who use cameras to report on the Mississauga election and post the video & pictures on the Internet, as a public service, will not even be allowed in the room!

MIRANET rules are very lengthy regarding making recordings, more so than should reasonable be expected unless they had grave concerns of some kind. Like shielding the Mayor from the power of the Internet. It also needs to be noted that in terms of what is "distracting", having the candidates repeatedly playing musical chairs in front of the camera was far more so than anything that would have happened off camera.

The City needs to stand with candidates regarding the benefits to their campaigns and informing Mississaugans in general and do whatever it can to allow the candidates the same kind of access as usually granted to main stream media at election events for the purpose of recording events they attend.

The City must take note that two Mayoralty candidates - Donald Barber & Ursula Keuper-Bennett have been recognized by Judge J. Douglas Cunningham, Commissioner of the Mississauga Judicial Inquiry, as being "Citizens journalists", that "play an important role in the reporting and analysis of events." and "as Mr. Barber noted in his submissions, for freedom of expression to be meaningful, members of the public should have access to a broad range of opinions and coverage."

That John F Walmark is President of the Orchard Heights Homeowners also on the MIRANET 2010 Mayoral Debate Committee, informed Ursula that there would be no video and recording of any kind - this rule was not made known properly to invited candidates, an inquiry had to be made. Such a rule and not informing the quests, election candidates who would reasonable assume they had the same rights and freedoms that are usually extended to them, would have been caught short and a conflict would likely arise over the unreasonableness of the invented rule. That candidate Ursula was fearful enough about attending the debate that she stated - "I thoroughly condemn that neither audio or video will be allowed. As a result I won't be attending and I'm hoping other candidates committed to the public's Right to Know also not participate in this preposterosity (new word). Wishing you all the best for an open, transparent and accountable Mississauga," and "Note, as a citizen-blogger, I will be documenting this "All candidates" meeting. I'll be videotaping from the outside --and giving my Mayoral non-campaign speech from the sidewalk! Ironic that both Donald Barber and I fought to have citizen-journalists recognized as authentic "other voices" for coverage of the Mississauga Judicial Inquiry. Justice Cunningham acknowledged the important role that non-traditional media play in providing information the the public. But we-both are being silenced. You see that's the one thing about MYTHissauga. Nobodies like Donald Barber and I need audio or videotape to be believed." It was not till after Candidate Barber took the matter up with a higher authority, the Anglican Church of Canada, regarding the Homeowners plans that were sure to create conflict in their church, that the rules were changed and Ursula felt safe enough to attend. The City can not allow groups to hold all-candidates meeting with the clear intent to create conflicts and especially making female candidates so fearful of the circumstances that they will not enter the building.

The "civil behaviour" clauses given how far MIRANET is willing to go to impose such harsh rules on candidates and shut them out of the planning process, it is reasonable to believe that the interpretation of "civil behaviour" would be equally unreasonable. A true political debate can be and should be a passionate affair and MIRANET made sure the dear old Mayor would not be exposed to that. Further more, it is up to voters to decide what is correct for the circumstances behaviour by the way they vote - remember Hazel McCallion is called feisty or a hurricane, never civil.

These are some of the statements presented to the media by MIRANET to show the desire to defame the candidates not in the debate for whatever reason and an example of how willing the local media is to repeat them. "hijacked by personal agendas." - is MIRANET suggesting those who don't play by their rules are criminals?

In the quotes below comments are made in [].

Mississauga News - Oct. 5, 2010 - By John Stewart - Debates generate complaints

"Several candidates objected to the conditions laid down by MIRANET, which include a "civil behaviour" clause forbidding heckling and a restriction on recording devices."
[there were other reasons and the media did not poll the candidates left out.]

"MIRANET secretary Dorothy Tomiuk stresses that all candidates were given the same deadlines for signing on and the same set of rules to follow."
[false]

"Candidates "fiddling" with recording equipment could be distracting, she says. Because candidates will be getting up from a conference table for mini-debates among each other, they could trip over wires. The event will be televised later, in any case, she said."
[trip over Rogers wires and banning equipment because it "could be distracting" is just plain wrong.]

"Tomiuk says MIRANET is "not trying to trap or trick anyone," but wants the event to be a conversation about Mississauga, "like you would have in someone's living room. We don't want to be hijacked by personal agendas."
[it walks like a duck, it quacks like a duck and]
["hijacked by personal agendas" - sad to say it was not the candidates who are doing so.]

"Some felt they were not able to handle a true debate format," she added."
[sounds like sour grapes that we spoke up about having rights - blame the victims and never take responsibly for your own actions.]

Mississauga News - Oct. 4, 2010 - By John Stewart - Mayoral debate set at UTM

“Let's get some creative thinking going and some passion,” Dorothy Tomiuk, secretary of the Mississauga Residents' Associations Network (MIRANET), which organized the debate along with Rogers, said this morning.”

[“creative thinking going and some passion” by first shutting out the free thinkers!]

“...asking for reaction to a recent statement in the media that Mississauga suffers from “lack of public discussion and opposition, the infrequent exchange of ideas and the overwhelming sense of complacency.””

[like dealing with a group that is so authoritarian that if you don't “accept unconditionally” their rules, you are out on your “ass too”. The City shouldn't accept having a group like this holding meetings in Mississauga - they are so extreme.]

“Tomiuk says the policy is designed to minimize distractions for the candidates and the audience. “You can't be a candidate and be fiddling with a camera,” she said.”

[bias and prejudice.]

“Tomiuk said the rules are intended to ensure “civil” interchange among the candidates.”

[bias and prejudice, the media allows and City should not.]

Mississauga News - Oct. 5, 2010 - By Julia Le - Strict rules thin herd at debate

“Several mayoral candidates disagreed, declining to appear at the debate, saying it was too restrictive: Conditions laid down by MIRANET included a “civil behaviour” clause forbidding heckling and a restriction on recording devices.”

[not full story and even if it was the media should have really raised hell over this.]

Mississauga News - Oct. 6, 2010 - By John Stewart - Excluded candidates cry foul

“MIRANET Spokesperson Dorothy Tomiuk, who moderated the debate, completely dismissed the accusations from the excluded candidates.”

[clearly she couldn't care less about those MIRANET didn't want there in the first place.]

“Each of the 17 was treated exactly the same way and the six candidates who went before the cameras last night were those who accepted the “common sense” rules laid down by the group of 10 or so local ratepayer associations, Tomiuk said.”

[not so.]

““The candidates were asked to accept the conditions according to the method we set out. We applied it evenly across the board,” the Port Credit resident said.”

[not asked to - forced to or not allowed.]

"The rules were those that would normally be set out for any debate, requiring candidates to stick to their allotted times, act civilly and not personally attack opponents or give predetermined political messages rather than answering the specific question asked."
[falsehood, this is the first time rules like this have ever been seen by candidate Barber and I would challenge MIRANET to prove its statements - as should the City to.]

The following are transcribed comments from the UofT debate;

Opening comments by Dorothy Tomiuk, MIRANET Spokesperson/moderator - "Good evening my name is Dorothy Tomiuk, I am the spokesperson for MIRANET, which is Mississauga Residents' Associations Network. We are very pleased tonight to bring you **this true debate for Mayoral candidates** who have offer themselves before the public. ... And we are very pleased to have a format that **we believe is very fair that will allow you, the viewers at home, to be able to determine who best reflects the vision you would like to see for our City.**

[whenever people have to be told certain things it is usually because they are being mislead - "this true debate". "**very fair that will allow you, the viewers at home, to be able to determine who best reflects the vision you would like to see for our City.**" meaning MIRANET has eliminated the visions they don't want Mississaugans to consider.]

Comment made by Mayoralty candidate Andrew Seitz at the MIRANET debate - "There is 17 candidates running for Mayor. All have good ideas - **some were not allowed to be here.**"

[calling the Mississaugans attention to the facts surrounding why a number of candidates are not present. On the YouTube posted video - "MIRANET not allow election candidates".]

Closing comments by Dorothy Tomiuk, MIRANET Spokesperson/moderator
" ...I now have some closing comments. First of all, I'd like to thank **all the candidates for participating, the citizen groups, the volunteers who comprise MIRANET are thrilled that you have lent credibility to this event by participating** and we thank you so much. I would like to make a note that all 17 candidates for Mayor were offered this debate. As it **ended up 6 accepted our policies and rules as laid out on our web-site and we are thrilled tonight with the civil behaviour and the very serious discourse that we have had.** I thank you so much. ... Also like to thank Rogers Television who has been a very good and supportive partner for us. Again, as volunteers we don't have a lot of resources but felt we had a message and some contain that we wanted to get out. The message is that there is a new spirit in Mississauga now.

....10

Citizens are getting more organized, are becoming more vocal and this is **partly because the City itself has encouraged our participation ... We have had a very serious discourse**, we have talked about a lot of issues, there are many more but the conversation doesn't end tonight.

[**"all the candidates for participating, ... thrilled that you have lent credibility to this event by participating"** meaning thank you for letting us use you to gain more credibility than we had. **"thrilled tonight with the civil behaviour"** means we had our way with you and the Mayor didn't keel over from the shock of trying to deal with more people disagreeing with her.

VERY IMPORTANT - **" partly because the City itself has encouraged our participation"** - **This is an admission the City was involved in getting MIRANET to hold this debate** - what role did they play and who was it? **"very serious discourse"** - not that I could see.

The City needs to go on the record if they have in any way encouraged MIRANET's actions.]

Rogers Release;

First of all the City of Mississauga needs to be made aware Rogers is not a member of the Canadian Broadcast Standards Council (CBSC), so they don't follow their code of conduct.

The City of Mississauga has an on going business relationship with Rogers, therefore can address them with its concerns and it can as the local municipality as well.

Enclosed with the complaint is the complaint to Canadian Radio-television and Telecommunications Commission (CRTC) that has more details regarding these events and **must be fully reviewed by the City**. Some of my concerns were used by MIRANET to change the way they ran their debate but as they would not directly respond to me or other candidates, how would we know our concerns were being properly addressed?

From Rogers Individual Release sent to Mayoralty candidates - "1. In consideration for the **opportunity to appear on the Program, which opportunity is of value to me,**"

As both MIRANET & Rogers are equally involved in the operation of the noted debate and as MIRANET required the Rogers release to be signed as well as their own contact, it forced candidates to sign Rogers release. There was no choice to be involved otherwise or even allowed in the room, unless doing so.

....11

At this point there needs to be some legal definitions presented, as Rogers and MIRANET are presenting something they know has a value to candidates and trying to alter the behavior of candidates, in a number of ways. Motivating them by the promise of political gains, for their campaign, to have the opportunity to affect voters perceptions and who they vote for. That Hazel McCallion, the current elected Mayor of Mississauga was part of the group allowed in the debate and would gain from MIRANET distorting the playing field.

The noted legal terms and laws are likely not all that can be referred to, are limiting this complaint and don't claim to fully know how certain terms should be applied but it is what would a reasonable person understand from reading the facts.

This is what I understand - Corrupt practice(s) & Bribery are both from the Election Act, so the Act speaks to them occurring and seeks to prevent them and so should the City. They both relate to the giving of something to another and that it has a value, such that the receiver gains from the transaction. That the definition is open ended and can be something of low value such as a treating, assistance, privilege or just an advantage or benefit of any kind as consideration for cooperation. Electoral fraud is illegal interference with the process of an election and otherwise interferes with the purpose of an election. In the case Bribery, I take it to mean affect how voters vote (if they feel motivated to do so.), by controlling the information they receive. "suppression of the truth", in regards to how the debate was held is also an issue.

From the **Election Act** - "**corrupt practice**" means any act or omission, in connection with an election, in respect of which an offence is provided under the Criminal Code (Canada) or which is a corrupt practice under this Act; ("manoeuvre frauduleuse") &

Bribery 96.1 No person shall, directly or indirectly,
(a) offer, give, lend, or promise or agree to give or lend any valuable consideration in connection with the exercise or non-exercise of an elector's vote;

Corrupt practices in English election law includes bribery, treating, undue influence, personation, and aiding, abetting, counselling and procuring personation.

Treating, in law, is the act of serving food, drink, and other refreshments as a method of influencing people for political gain. In various countries, treating is considered a form of corruption, and is illegal as such.

Bribery, a form of corruption, is an act implying money or gift given that alters the behavior of the recipient. Bribery constitutes a crime and is defined by Black's Law Dictionary as the offering, giving, receiving, or soliciting of any item of value to influence the actions of an official or other person in charge of a public or legal duty.

The bribe is the gift bestowed to influence the recipient's conduct. It may be any money, goods, right in action, property, preferment, **privilege**, emolument, **object of value**, **advantage**, or merely a promise or undertaking to induce or influence the action, vote, or influence of a person in an official or public capacity.

Many types of bribes exist: tip, gift, perk, skim, favor, discount, waived fee/ticket, free food, **free ad**, free trip, free tickets, sweetheart deal, kickback/payback, funding, inflated sale of an object or property, lucrative contract, grease money, donation, **campaign contribution**, fund raiser, sponsorship/backing, higher paying job, stock options, secret commission, or promotion (rise of position/rank).

R.S., 1985, c. C-46, s. 123; R.S., 1985, c. 27 (1st Supp.), s. 16; 2007, c. 13, s. 6.

Further issues;

From Rogers Individual Release sent to Mayoralty candidates - "I agree that Rogers may edit, alter, dub or otherwise change the Program for any purpose whatsoever. " Regardless if Rogers did or didn't edit, Rogers should not have asked to be able to, as a person would rightfully not sign it under these circumstances, after having read it - maybe those who did not read it would signed more freely.

From Rogers Individual Release sent to Mayoralty candidates - "I hereby **waive any moral rights in connection with my appearance in the Program** I may have pursuant to the laws of any country including without limitation Canada." In an election where moral and ethical issues are front and center, it is totally wrong to require a candidate to sign away their "moral rights", especially if they are taking a strong stand on just that very issue regarding the Mayor and what she has done. This is for removing candidates from a debate who oppose the Mayor on moral grounds, especially when there is no other choice of release provided.

The City should stand with candidates as this affects the outcome of the election and should not be allowed - another reason to set-up a debate in the great hall.

Further damage to candidates occurred when the true reasons why candidate didn't sign or were otherwise not present, was created by MIRANET's bias spokesperson was going on about how they wanted a civil debate or other frivolous reasons.

Candidate Barber has had many encounters with the media over the years and signing a release or contract is not mandatory before the video of a person or candidates is broadcasted. At the Sept. 23, News Conference regarding Hazel's lack of platform and scheduled City wide all-candidates debate, there were no forms to sign - not even a verbal OK was asked for. Further more, candidate Paul Fromm reports the following "Interestingly, when I taped a five minute message this week for Rogers, no such release was asked of me, even when I volunteered to sign one." I would submit a couple of reasons why Rogers didn't require it was, it was not really required and Rogers knew they should have not done so for the UofT debate as well as, they no longer had to try and deny candidates access to broadcasting, for frivolous reasons.

How candidates were given unequal opportunity to attend or Discrimination;

On Mon. Sept. 27, 2010, MIRANET sent a notice that the following candidates had "formally accepted MIRANET's invitation to participate in a televised A-C Forum produced by Rogers TV." The 10 participants were noted are below and list of the 6 that were at the debate is to the right. Ten debaters in itself is a lot but MIRANET would find ways to select out candidates. Candidates Ram Selvarajah and Andrew Seitz have informed me that they had problems meeting the MIRANET requirements for attending the debate. MIRANET made a point of changing its requirements to ensure they could attend, otherwise, in the eyes of Mississaugans looking for candidates to reflect both the newness and diversity of Mississauga - they would just see 4 slices of stale white bread - how would that "lent credibility to this event"?

Candidate Ghani Ahsan - he has informed me that he sent in the MIRANET requirements only a few hours late and he was not allowed to attend the debate.

Candidate Barber - made no effort to send in the MIRANET requirements (because of moral & ethical issues) and was not reminded or contacted that it had not been done. He was not allowed to attend the debate in any way shape or form, even though Candidate Barber showed up at the door and asked to be allowed to record the debate. Candidate Andrew Seitz, then said he was his guest for the debate and that request was refused as well.

Candidate Antu Maprani Chakkunny - sent an E-mail stating "I boycott the MIRANET mayoral debate scheduled on Oct 05 with the current format."

Candidate Paul Fromm - tried to send in the MIRANET requirements and apparently didn't copy the text exactly (its was sent out in a locked pdf - could not copy & paste it.), enough to suite MIRANET. Mr. Fromm made it very clear that the intent to abide by their rules was clear in what he sent them. Candidate Fromm showed up at the door and asked to be allowed to into the debate and was totally refused entrance.

HOLD AN ALL CANDIDATES DEBATE FOR MAYOR

To - Janice M. Baker City Manager & CAO - Crystal Greer, City Clerk - all members of Council. Dear Ms. Baker:

I am joining a number of other Mayoralty candidates in urging that you host a public debate for ALL mayoralty candidates, perhaps next Friday evening,

Given that many candidates were not able to participate in the Oct. 5, MIRANET Mayoralty debate for various reasons, and who would have liked to have participated and should have, there is a great need for a true town hall meeting in this very important election year, that the public can attend and ask questions. (This should be true for all Councillor candidates as well.) It is asked that you assist us in the effort to use the great hall at City Hall or maybe some other, easy to find and use space for the desired true town hall meeting. We urge that Rogers broadcast this live, but, if not, we wish to video for YouTube.

The MIRANET non-debate was the only city-wide all candidates debate for mayor. The event was a disgrace. Only 6 of 17 candidates were allowed to participate. I was personally present as four candidates, including Mr. Barber, were denied entry and barred by police and security. The hostility to us by the MIRANET personality was palpable and disturbing.

I cannot speak for the other three, but I had jumped through all of MIRANET's myriad hoops, including sending a release to Rogers and signing an "unconditional" agreement to MIRANET's two pages worth of "rules".

Give me a break! Because their "rules" were in a format my computer could not copy, I read it over several times. Hah! They got me. As my wording missed theirs by one or two words, I was deemed not to have qualified. When so advised, I hand copied the original wording and re-submitted it. Hah! Caught again. I'd missed the Monday evening deadline by an hour. [Interestingly, when I taped a five minute message this week for Rogers, no such release was asked of me, even when I volunteered to sign one.]

This non-debate was completely sanitized and restrictive, apparently to favour the interests of one candidate and exclude other voices. Seventeen very different individuals have thrown their hats in the ring. The public should have the right to hear all who wish to participate, ask questions and judge accordingly.

In the interests of democracy, I urge you to step up to the plate and make this debate possible. Sincerely yours, Paul Fromm Mayoralty Candidate Mississauga

Candidate **Bryan Robert Hallett** - he sent in an E-mail Sept. 24, saying "By the way, if this invitation is a open to all mayoral candidates, I will attend!". Candidate Hallett showed up at the door and asked to be allowed to into the debate and was refused completely.

Candidate **Ursula Keuper-Bennett** - Sent in the signed Rogers release but forgot to sent in the separate MIRANET requirement. As Candidate Barber had sent MIRANET copies of the Mississauga Judicial Inquiry decision that noted her as a Citizen Journalist/Reporter, she mistook this as an indication that she would be allowed into at least record the debate. She met Candidates Barber, Fromm and Hallett in a stair well at UofT, hearing that security guards were blocking candidates she was too intimidated to try asking to be admitted.

Candidate **Andrew Seitz** - regarding how MIRANET dealt with his missing their deadline and what I would call intimidation by MIRANET just before the debate.

My name is Andrew Seitz. I am a mayoral candidate in the municipal election. The events surrounding the MIRANET debate on Rogers 10 that was taped on October 5th, 2010 have me quite concerned. I am providing you with information that proves that not all candidates were treated equally.

I will note that in spite of these events, I was allowed to participate in the taped debate while others were not. These are the facts. I have all the proof to back up what I am stating here: MIRANET had extended their deadline to 5pm on October 4th to hand in the Rogers release form and acceptance of the MIRANET policy.

I sent my biography and a note that I would bring the Rogers release to an all candidates meeting that was to be held later that night. This was allowed. My email was sent to MIRANET at 4:25 pm. I then put down my phone so I could go back to work.18

At 4:45 pm, MIRANET sent an email informing me that I still needed to send in the acceptance of the MIRANET policy. I did not see this email until after 5:00 pm when I received a phone call from Dorothy Tomiuk.

At 5:06 pm on October 4th (past their own deadline), Dorothy Tomiuk called me up telling me that I did not meet the requirements but if I sent in the acceptance of the MIRANET policies IMMEDIATELY, I would be allowed to participate.

At 5:13 pm I sent in this quickly written blurb:
"Sure, yes I accept the rules and consent form."

At 5:24 pm I received the following email:
"You must send the specified text, from Section 2 of the Policy document. Immediately"

My reply at 5:27 pm: ""I accept unconditionally the Debate Policies and Rules for Candidates established by MIRANET for the Mayoral debate which will be taped by Rogers TV on Tuesday October 5th, 2010.""

The final email came at 5:39 pm: "Rec'd"

While I was ultimately allowed to participate in the debate, according to MIRANET's own rules I should not have been allowed.

The MIRANET claim that all candidates were treated equally is untrue. I was clearly allowed to hand in my acceptance after the deadline. But why me? Did the debate require 6 candidates and I just happened to be the first to apply after the deadline? Did they feel like they needed to allow a token young person in?

Was there something more sinister going on? I am concerned because from what I can see, there has been a clear and concerted effort to allow some candidates in and keep others out. The rules were not applied equally in spite of MIRANET's claim to the contrary.

Also, just before the taping was to begin, I was confronted by Dorothy in a relatively hostile manner in regards to a "stunt that I pulled". This "stunt" was me offering to take in another candidate as my second guest; a rule change made on the 5th as there were less candidates than expected. Bringing in another candidate was not allowed according to the MIRANET agreement. Instead of just talking to me and explaining such, MIRANET came down hard in an effort to prevent me from causing any further disruptions. I had not intended to cause any. I had only asked if the other candidate could be my second guest. This aggression right before the taping was unwelcome and further increased my anxiety and nervousness just before a very important presentation.

This could have drastically affected my ability to debate. I did fine in spite of this, yet her threats and intimidation seem unfair at such an important time. Thank you for looking into this. Sincerely, Andrew Seitz a Mayor with a Plan

Candidate **Ram Selvarajah** - says he could not meet the MIRANET required deadline and they granted an extension.

As noted before, there are items in the complaint to the CRTC (enclosed), that should be taken note of - like "Asking Mayor for her availability for debate and not other candidates" for the debate date - bias, prejudice and improper actions.

More information will be provided, as it becomes available.

"I think the people of Mississauga have to take this election extremely seriously if they want this City to move forward - have to deal in depth with the issues"

Hazel McCallion, Mayor of Mississauga, wise words from an expert who knows what is at stake!

I am willing to discuss my letter with you and there is an answering machine you can leave a detailed private message on. My phone number is (905) 278-7877 & E-mail: donbar@eol.ca.

Sincerely yours;

Donald Barber - **Candidate for Mayor 1994, 1997, 2000, 2006 and 2010.**

Hi

This has reference to the formal complaint of one of the Mayoral candidates, Donald Barber, sent to CBCS and CRTC, accusing MIRANET (and Rogers TV) of suspected bias and manipulation of media for the benefit of incumbent Mayor, Hazel McCallion.

I am not aware of McCallion's specific behind-the-door connections with the eleven-members of the MIRANET mayoral debate committee; however, it's undeniably true that Hazel McCallion's campaign strategy focuses on media and information control. A free and unbiased media is an indispensable part of the democratic system. We should not let McCallion continue to corrupt our democratic system. We must end McCallion's autocratic control of Mississauga, which thrives on corruption and nepotism from top to bottom.

I boycott the MIRANET mayoral debate scheduled on Oct 05 with the current format.

2. Attached is the MIRANET '**Debate Policies and Rules for Candidates**'. Please read this document and provide return acceptance as outlined.
3. **Opening and Closing Questions:** MIRANET plans to kick off the Debate by getting right into a critical issue. We believe this will be an ice-breaker for the Candidates, engage the viewers' attention and position the stakes we all have in being part of this Debate. We are publishing the FIRST question in advance to be fair to all Candidates (i.e. the first Candidate to answer will be as prepared as the last). You do not need to submit your answer ahead of time. You will have **1 minute** to answer at the very beginning of the Debate, in a speaking order to be drawn by lot prior to the Debate.

Preamble: Recently the Toronto media have been highly critical of Mississauga and its citizens. Christopher Hume, a columnist for the *Toronto Star*, wrote in September: "Mississauga remains an abjectly car-dependent community that faces an uncertain future. ... Not that most Mississaugans give a damn; only about one-quarter of voters bothered to cast a ballot in the last election. ... The lack of public discussion and opposition, the infrequent exchange of ideas, and the overwhelming sense of complacency do not bode well for Mississauga." Subsequently, another *Toronto Star* columnist Angelo Persichilli wrote: "Mississauga is a city without an identity. ... It's basically a comfortable dormitory, heaven for developers, yet still with public housing problems. ... I see nothing but trouble on the horizon for Mississauga."
QUESTION: Such ridicule costs every citizen of Mississauga, from our property values to our civic self-esteem to where our children decide to live. In your view, does Mississauga's reality align with these criticisms, and if not, what should be done to change Mississauga's image?

The SECOND question to all Candidates will be: **Why are you running for Mayor?** This will afford you time to present what is traditionally known as the 'opening statement'. You will have **1.5 minutes** to answer, in a new speaking order to be drawn by lot prior to the Debate.

After the first two (2) questions to all Candidates, the format will move into the round-robin phase for mini-debates, followed by a rapid round of individual questions from the audience.

CLOSING STATEMENTS will allow all Candidates to rebut anything they have heard, address questions they were not asked, clarify anything they have said and summarize their platform in the process. You will have **2 minutes** to wrap-up, in a new speaking order to be drawn by lot prior to the Debate.

4. To consolidate your submission of acceptance of the attached documents, we have extended the deadline for receipt of your bio and the name of the campaign supporter coming with you. The combined deadline for all responses: **Monday, October 4 @ 5:00 p.m.**

5. BROADCAST DATES: Rogers TV has published the following schedule for airing of the Mississauga Mayoral Debate on Rogers Cable 10:

Monday, October 11 @ 5 p.m.

Monday, October 11 @ 11 p.m.

Saturday, October 23 @ 3 p.m.

NOTE: MIRANET is the sponsor, organizer and manager of the Mayoral Debate on Tuesday, October 5, 2010. Inasmuch as Rogers TV has agreed to provide television coverage of our Debate event, we have worked collaboratively to ensure it can be technically produced, and that our policies mesh with Rogers TV procedures. MIRANET claims sole ownership for the 'Debate Policies and Rules for Candidates' outlined in the attached document. Candidates have until the deadline above to accept these terms, or decline to participate. Rogers TV has indicated that any Mayoral Candidate declining participation in the MIRANET Debate will be afforded a separately broadcast 5-minute candidate profile on their station.

Dear Mayoral Candidates:

1. Note that some Media will be in the Debate room from **6:00 p.m.** this evening so by all means arrive earlier than the 6:30 check-in time if you wish to be available for media opportunities.
2. Previous e-mail referred to **note-taking** at the conference table, and you may have your notes at the podium as well when you are making statements or participating in the mini-debates.
3. Given that we have fewer participating Candidates than originally envisioned, a request has been made by a Candidate to bring a **second supporter**. This is reasonable, and if Candidates could please e-mail the name of their second (optional) supporter we will be able to have them on the check-in list as well, or phone my cell, below.
4. Bios: Thank you for these. A **media sheet** is being drawn up for tonight and will also be posted on MIRANET.
5. Parking: UTM advises:

Park in Lot 4 or 8 which are the parking lots on the right hand side as you come in via the Collegeway (and turn right..). These parking lots are directly across from the entrance to the Athletics Centre. UTM will make up some signs and put them up at the entrance to the Athletic Centre for attendees entering that way through to the William G. Davis building (Room 3130). There are no discounts. Parking is \$1.00/hr. for parking after 5:00 p.m. to a maximum of \$5.00. [Click here for maps.](#)

I will be the **Moderator** for the event, with assistance from our MIRANET Panelists and Timers. As noted previously, we are citizen volunteers.

I will be in the Debate room this afternoon from approximately 4:00 p.m., and can be reached on my cell phone at **(905) 301-5432**.

See you tonight, Dorothy

Hello MIRANET,

Bellow the line is my 100 word "candidate's profile". I will be bringing Maria Seitz to sit in the crowd. The release form for Roger's will be brought to tonight's A-C.

Hello, my name is Andrew Seitz, I'm 32 years old and I was born and raised in Mississauga. I'm a private person and ask that you respect that.

Neither mine nor anyone's past accomplishments are relevant. Judge us not on what we have done, judge us on what we intend to do. For the good of Mississauga, please judge us on our policies.

I promise to work in the best interest of Mississauga - I will do what's right and necessary, even if it is unpopular. The time of influence peddling is over. It's time for us to take back our city.

Thank you MIRANET.

Sincerely,

Andrew Seitz

RE: Request and/or Complaint regarding Rogers Broadcasting Limited and its planned Oct. 5, Mississauga Mayoralty Candidates debate, done in association with Mississauga Residents' Associations Network (MIRANET).

Dear Sirs:

Oct. 2, 2010

As this involves an election debate that is planned in the next few days that will have a great impact on an election, in the 6th, largest City in Canada as well as impact on our Democratic traditions, **immediate action is required** - contacting Rogers and explaining the value of making corrections before problems occur is a must. It is asked that the Canadian Broadcast Standards Council (CBSC) and/or the Canadian Radio-television and Telecommunications Commission (CRTC) contact Rogers to express concerns about how the planned debate doesn't meet the standards it should to be called unbiased and fair - as such, it should not be broadcasted as planned till corrections are made that are agreeable to candidates. That if Rogers will not, it must change how it is presented to viewers. Retitle it to being a commercial put on by Mississauga Residents' Associations Network (MIRANET), for the benefit of candidates they want the public to vote for or equal meaning to show it is a bias and prejudice presentation

"I think the people of Mississauga have to take this election extremely seriously if they want this City to move forward have to deal in depth with the issues"

Hazel McCallion, Mayor of Mississauga, wise words from an expert who knows what is at stake!

Reasons for actions - The specific reasons are listed below. In general, as a person who has campaigned for the office of Mississauga Mayor many time, put on debates, I know all to well the tricks used by Ratepayers to give the advantage to the incumbent Mayor to ensure she is reelected without getting a proper review of her past actions or platform. At the core of this is bias, prejudice and improper actions by the Mayor's supporters and it would be totally wrong for Rogers to broadcast as planned. It would be in keeping with past elections, where the election in a major Canadian City was treated like a small town election for dog catcher. Such that Mississaugans again think it is a non-event, don't go out to vote, don't consider the issues or seriously review the Mayor and don't take other candidates as seriously as they should. A lack of respect for the candidates and the election process that public will pick up on. Even better this debate should be delayed a week or two till more issue develop in the election.

As MIRANET does business with the City as a lobbying group and it is a well known fact that to do business with the City of Mississauga, you have to be on the Mayor's good side other candidates wonder just how fair MIRANET could be. A Ratepayers group is suppose to be a grass roots Democracy operation and yet they feel no need to involve the candidates directly when they are most affect by MIRANET actions. The clear lack of basic details being provided to the candidates, that I know of, shows the creation of unfair forum that would be to the Mayor's advantage. MIRANET's name may claim to represent all the City but in fact many Wards have no Ratepayers groups at all and those that do, only a few are members - Rogers should make it known just how small a population MIRANET claims to represent.

Recently, Ratepayers groups were trying to set-up a debate at St Lukes and were trying to force candidates to accept no recording of any kind, again to the advantage of the Mayor and anti-Democratic. I was able to motive them to allow recording. Some members of those Ratepayers are with MIRANET.

The Planning & interaction with candidates;

1). The full disclosure of which candidates asked MIRANET hold this debate.

In an election where it has been noted the Mayor wants the public to just elect candidates she can work with or a slate, it becomes very important to know who was behind the sudden appearance of MIRANET and its desire to hold a debate. "We are hearing from various Mayoral campaigns asking whether MIRANET will be hosting any debates for the candidates, and want to keep all of you apprised at the same time."

2). Asking Mayor for her availability for debate and not other candidates;

A clear case of is bias, prejudice and improper actions. Dates were not suggested to all candidates equally, disrespect and caring. "We are not yet in a position to announce the date, as we are awaiting confirmation from Mayor McCallion that she would be able to attend one of the possible dates we have suggested." This election and its debate should be her prior.

3). Aiding Hazel McCallion's campaign;

A key issue is that the incumbent automatically has the advantage by simply saying, in so many words, if you like the last term, vote for more of the same. The Mayor's posted platform on the MIRANET web-site is the shortest of all the candidates, more suggestive than factual, so very hard to intellectually consider. The posting of Mayor's platform is not in itself wrong but as it has not been seen anywhere else or even in print suggests that MIRANET is the sole source of Hazel McCallion's campaign material and therefore doing her campaigning. This should be addressed.

4). Lack of input from other candidates;

"The format of the discussion and debate will be citizen-driven, and we are not consulting any candidate in this regard." Totally wrong and the candidates, are not citizens? This opens the door to backroom dealings for which the Mayor is well known because candidates' concerns are not directly addressed and the process that will affect this election is not transparent. "we are trying to share as much information as we have available.", sharing not good enough and not even close to being meaningfully involved. It would appear that my concerns and input are changing this debate but can see that much is being left to the last minute so MIRANET, like so many other Ratepayers in the past, will believe we have no choice but to agree. See no process to find out which candidates agree or disagree with or why. This not what I call "citizen-driven" in a Democracy.

5). Miranet controlling of what questions are asked, on what subjects;

"We are planning to provide a moderated format that will allow for serious discussion and debate on several key themes affecting the future of our City: transportation, neighbourhoods, development, business & employment, public spaces, social supports, environment, governance, fiscal management and Regional context." Totally wrong for an election of this importance to remove the general public from the meeting, their questions and is giving the Mayor the advantage. Miranet doesn't represent the majority of Mississaugans. Rogers should not allow them to control the debate as they are - undemocratic. In terms of "non-partisan" or unbiased, Miranet represents mostly homeowners, so renters and others are not properly represented. Plus, candidates are not given the chance to present why they see certain subjects as worthy of being in the debate. Certain questions will favor certain candidates.

6). Making the debate questions known;

The questions should be made known so we can be ready and as there are suspicions they could be forwarded to the Mayor, this would eliminate that possibility. Even how many questions there are is not supplied.

7). MIRANET not responding to candidates questions;

MIRANET sent out an E-mail that claimed to be a response to questions to it but it was not directly - "Any queries received from the candidates regarding the Forum will be considered by the Committee and the answer e-mailed to all candidates." As not responding directly, no way to know if they considered certain input or why anything was done. Shows no meaningful commitment to communication or caring about its outcome, affects how the debate is run and who the public will see as the candidate to vote for. The Sept. 27, E-mail from Ivan Sack shows how little MIRANET cares about candidates who are not the Mayor of Mississauga.

8). Who is participating in the debate? Were all candidates invited equally?

There appears to be some issues regarding candidate Bryan Hallett who first called for the Mayor's platform and a City wide TV debate, the E-mail he forwarded to me shows that he in fact did tell MIRANET he wished to be a part of the debate but they are leaving him off - unjust and favours the Mayor.

9). Who is on the MIRANET planning Committee?

I had to ask and it was posted, an example of my positive affect on this process.

10). Questions about the MIRANET's posting of candidates platform pdf s;

The one of most notable is by candidate Ursula Keuper-Bennett. It took far too long to load, blinked on and off and words were missing - only one to do so and she is known to have strong words about how the City is run. Bias

11). The MIRANET's web-site;

In the past elections were seen by the public as non-events and little interest was generated. It is asked that MIRANET post visit counters on its web-site to show Mississaugans how many are visiting, start to create a more public interest to help get more people interested. It should be done for how many times our platforms viewed and candidates' web-pages should be listed beside our names.

How the debate operates;

12). No audience or general public allowed at the debate;

Just be people who MIRANET wants there and no one from general public - totally unacceptable in a major modern Democratic Canadian city - favours the Mayor. To claim it is due to the location can not be believed. It should be at City hall and why so soon that can't find a better place - are there none in Mississauga? "an audience of UTM political science students and representatives from various residents' associations." Who are these people and why are given this right?

13). Location - should be City hall and people there.

Location - Location - Location. The location is very important in this historical election, should be City hall. "the event will be held at the University of Toronto Mississauga campus in Room 3130 (the UTM Council Chamber)", far too small a location and we should wait a week or two for a better one - to be sure the debate will be better and worth tuning in for.

Basic questions like **parking** have not been addressed.

14). How much time will the candidates have to speak?

"We expect that each candidate will be able to make a very brief introductory statement and closing remark." - a very key and important issue - how brief is brief? Candidates must have an idea days before, bias and disrespectful not to tell us well in advance. In general, by not allowing candidates enough time the chance to explain what they are about and why people should consider them is bias in favor of the incumbent. 4 or 5 minutes is in the right area. The Mayor just has to sell people what they think they know, taking credit for everything, say what a great City Mississauga is give her 4 more years for more of the same - NO chance to go into details. Those who challenge her vision have to go into details about what has gone wrong and what should be done about it and we will not get this chance.

15). Denying candidates right to answer & Answers to questions posted on the Internet.

"As no candidate will have the opportunity to answer all the questions posed, there is a further option to submit your written answers to all the debate questions after the program, and these will be posted to our website as well." I have been to many serious debates and by God every candidate was allowed to answer, if they cared to. AGAIN this is for the Mayor's and her Team Hazel BENEFIT not Democracy!!! Not everyone (poor people & older left out) can or will use the Internet to check answers not given, unacceptable to split up things like this.

16). Operation of debate.

Fri, 1 Oct 2010 13:22:38 - right after I E-mailed MIRANET - "We have devised a round-robin format for mini-debates between subsets of the candidates, which will take place at podiums to be placed at the head of the table." Greatly favours the Mayor. The details or rules of this have not been presented. How many will be in the "round-robin" As "Questions for the mini-debates will be drawn by lot, as will the candidate orders for opening and closing statements and responses to individual questions from UTM students and/or ratepayer reps." How will it be set-up to ensure that all candidates get equal access to this "round-robin"?

"Questions for the mini-debates will be drawn by lot, as will the candidate orders for opening and closing statements and responses to individual questions from UTM students and/or ratepayer reps." Still no details about times granted for candidates to speak or how many questions this election should be taken seriously and have this fly by seat of pants make the rules up as go along.

Candidates are not being given the details so we can't raise concerns before hand.6

Broadcast and Rogers issues;

17). Other media should ask questions;

Oct 1 - "There is interest in this event from the Toronto Star, Globe & Mail and National Post among the media who will be present for the taping, and they will now be informed of all these particulars." The media present should be allowed to ask questions as they would ask those of greater interest to those watching.

18). Will candidates be able to make their own video recording, audio and pictures?

"This is an issue we will be discussing with Rogers TV." - to deny a candidate in a major Canadian City the right to make a video of their debate and be able to use it for their campaign is totally wrong! As it would be from a different angle than Rogers and unedited, it could be of great to the voters. Again, favours the Mayor and her slate of candidates. It is MIRANET job to make sure candidates rights are respected by Rogers - Therefore MIRANET should be standing up for this right and yes I believe they have a much stronger input into how things are to be run then they are claiming or trying to blame Rogers.

Will cameras be allowed, has not been answered.

19). Rogers Release Form issues;

"Rogers TV is preparing a Release Form that all candidates must sign governing use of your image and copyright issues, which will also include acceptance of MIRANET's debate format and rules. Once this is ready, it will be sent to you with a deadline for advance return via e-mail attachment or FAX." Totally wrong, this is saying Rogers has power of control over who can be in the Ratepayers debate, in a Democracy, by if candidates are willing to sign away their right for no fair compensation. In this day and age, candidates in elections need video of events they are participating in and unique material for the public to be interested.

"The format will be developed with Rogers TV to be equitable and suit television production requirements. Should any candidate not accept the final terms of the format or not agree to abide by the rules, they will forfeit their participation."- MIRANET is trying to say that Rogers is now totally in control of how candidates act and can do - like we are puppets to their political bias and prejudices under the claim of its their production. Who is really in charge needs to be sorted out as candidates will be treated bias and disrespect given this set-up. A Democratic election is not run by a TV station by controlling what candidates will be allowed to viewed by voters and their platform because they **OBEY** Rogers!

20). Rogers not consult with candidates;

“Rogers will produce the program, and has advice for us based on their experience.” Miranet and candidates must be meaningfully involved to protect all candidates interests and the candidates have the most to lose. It needs to be noted at this point that Rogers Mississauga under the control of Jake Dheer has recently defied a Judge’s Order / Decision / Ruling (Canada law) regarding the Mississauga Inquiry, that was to grant access to Donald Barber as a Citizen Journalists/Reporters. Clearly he is bias and prejudice toward me and the evidence I see suggests he does so for the benefit of the Mayor. More will be presented to CRTC about this.

21). Editing or Censorship of the debate;

This has been presented to those running the debate and there has been no answer. Because of the very serious issues in this election, many things can be said that will inform the voters why they should vote the Mayor out of office and her supporters will try to stop this. Candidates need to know the exact details of how any editing or censoring could be done. A totally safe for Hazel debate if not addressed.

More can be submitted to this as events unfold and whatever issues should arise in the future regarding this debate.

I leave you with this thought about the kind of Democracy being created by these events - is this what Canada send its troops to die for protecting OR is it what their battles are to end?

I am willing to discuss my letter with you and there is an answering machine you can leave a detailed private message on. My phone number is (905) 278-7877 & E-mail: donbar@eol.ca.

Sincerely yours;

Donald Barber - Candidate for Mayor 1994, 1997, 2000, 2006 and 2010.

Dear Mayoral Candidates:

We are hearing from various Mayoral campaigns asking whether MIRANET will be hosting any debates for the candidates, and want to keep all of you apprised at the same time.

MIRANET has been having discussions with Rogers TV concerning the provision of a televised All-Candidates Forum. We are not yet in a position to announce the date, as we are awaiting confirmation from Mayor McCallion that she would be able to attend one of the possible dates we have suggested.

We are planning to provide a moderated format that will allow for serious discussion and debate on several key themes affecting the future of our City.

MIRANET is non-partisan, and does not endorse any candidate. We are all citizen volunteers. We will strive to provide a respectful forum where the choices before the electorate can be distinguished.

We'll issue formal invitations to all the Mayoral candidates as soon as we are able.

Sincerely, Dorothy

Dear MIRANET

Having been to many of these debates over the years and given the serious importance of this election regarding the future of Mississauga - it would not be appropriate to just call yourselves "non-partisan" and then set the rules so they favour a certain kind of candidate.

There should be agreement with candidates as to how this forum is set-up and run and the reasons made clear.

Its location is important, maybe City hall - people should know this is a historical event.

As for the Mayor being available - she needs to make the time or, as in the past, not be a part of it, sick of her honouring our Democratic traditions by using election time as vacation time.

Donald Barber - candidate for Mayor of Mississauga.

What dates are being suggested ????

From what I see, the only person/candidate MIRANET cares about in regards to if they can attend on a certain date is Hazel McCallion.

Does this mean MIRANET will also be setting the rules of the debate so they satisfy the Mayor as well? As MIRANET does business with the City and it is a well known fact that to do business with the City of Mississauga, you have to be on the Mayor's good side other candidates wonder just how far this can go.

Now would be a good time to put to all candidates the dates and the draft rules and location.

Dear Mayoral Candidates:

MIRANET invites you to participate in a Mayoral All-Candidates Forum to be taped by Rogers TV on **Tuesday, October 5, 2010 @ 7:00 - 9:00 p.m.** We would ask you to arrive at **6:00 p.m.** for pre-show preparations. The venue is yet to be confirmed.

The format of the discussion and debate will be citizen-driven, and we are not consulting any candidate in this regard. The specifics of the format are in part dependent on the number of candidates who will be attending. Please confirm your participation by **Monday, September 27, 2010 @ 5:00 p.m.**

By this deadline, you also have the option to e-mail a maximum 500-word platform statement which we would then post on the [Election page of the MIRANET website](#) simultaneously.

We are planning to provide a moderated format that will allow for serious discussion and debate on several key themes affecting the future of our City. We expect that each candidate will be able to make a very brief introductory statement and closing remark. We will be working with Rogers to establish the timing and pacing of the program.

MIRANET has a working Committee of representatives from ten different residents' associations in Mississauga who are collaborating on the format and the questions to be asked of the candidates.

As no candidate will have the opportunity to answer all the questions posed, there is a further option to submit your written answers to all the debate questions after the program, and these will be posted to our website as well.

Any queries received from the candidates regarding the Forum will be considered by the Committee and the answer e-mailed to all candidates.

The format of the program will be communicated to all participants in advance, along with dates for airing of the program, as soon as these details are finalized.

This is just the kind of format that the Mayor would benefit from!
"candidate will be able to make a very brief introductory statement and closing remark." - **HOW BRIEF???**

It is only by allowing a candidate enough time, 5 minutes that they can reasonable have the chance to explain what they are about and why people should consider them. **THE MAYOR** is sell whatever people think she has done and taking credit for everything - she just has to say what a great City Mississauga is give me 4 more years for more of the same - **NO** chance to go into details.

There is no reference to how long people will have to talk or to answer questions - this SMELLS right from the very beginning and don't try feeding me that citizen-driven garbage. I know the City makes sure there are City friendly people in Ratepayers groups as that is one way the City keeps a lid on things and would not deal with my Ratepayers group - which MIRANET has failed to contact - Cawthra Ratepayers and Residents Association.

"not consulting any candidate in this regard" - just ran it down out throats and because you are MIRANET it has to be right!!!
I know this game - no rules or input till too late to anything about it - clearly you are not concerned about any candidate but Hazel.
"will be citizen-driven," and the candidates are not citizens?

Now it can be seen why there are so many candidates or Team McCallion supporters running for Mayor - to support this kind of pro-Mayor set-up.

Will candidates be able to make their own video recording? How many other supporters can we have with us?
How many people from the general public will be there or will it just be people who MIRANET wants there.

"Any queries received from the candidates regarding the Forum will be considered by the Committee" - who is on this committee?
How can we have questions when you are not giving us details - you think we are children who don't know how the game political games are played?

Not everyone can or will use the Internet to check answers not given - unacceptable to split up things like this.
I have been to serious debates and by God every candidate was allowed to answer is they cared to.

AGAIN this is for the Mayor's and her Team Hazel BENEFIT not Democarcy!!!

As a person who knows what their words mean, when they say "As no candidate will have the opportunity to answer all the questions posed" it means that the questions will only be to certain candidates and the rest will be left out in the cold and that could be for most of time , left to just sit and smile happy for the right of just being there.

It is made clear the questions are the one they want and we are to trust it was a fair process - a process we are not allowed any part of.

Remember this a Ratepayers group and suppose to be a grass roots Democracy operation and yet they feel no need to involve those most affect by their actions and stated they were setting it on date agreeable to the Mayor - how nice.

MIRANET has not responded to any of my past E-mails - in case you maybe thinking they cared or knew about how to run a fair and Democracy process.

The specifics of the format are in part dependent on the number of candidates who will be attending. Please confirm your participation by **Monday, September 27, 2010 @ 5:00 p.m.**

By this deadline, you also have the option to e-mail a maximum 500-word platform statement which we would then post on the [Election page of the MIRANET website](#) simultaneously.

We are planning to provide a moderated format that will allow for serious discussion and debate on several key themes affecting the future of our City. We expect that each candidate will be able to make a very brief introductory statement and closing remark. We will be working with Rogers to establish the timing and pacing of the program.

MIRANET has a working Committee of representatives from ten different residents' associations in Mississauga who are collaborating on the format and the questions to be asked of the candidates.

As no candidate will have the opportunity to answer all the questions posed, there is a further option to submit your written answers to all the debate questions after the program, and these will be posted to our website as well.

Any queries received from the candidates regarding the Forum will be considered by the Committee and the answer e-mailed to all candidates.

The format of the program will be communicated to all participants in advance, along with dates for airing of the program, as soon as these details are finalized.

Taking a very close look at the wording and there it is - "taped " not live and this means they will edit out whatever they care to and that means any hope of making strong comments about whatever are gone to censor!

A totally safe for Hazel event and we are the fools to fill seats and pretend its a Democratic debate

- is this what we send our troops to die for OR is it what their battles are to end?

Coming up with many more reasons but that one so offensive had to point it out right away.

Hello Mr. Barber:

FYI MIRANET is a network of residents associations with a common commitment to improving the lot of residents of this city. It doesn't and never has pretended to represent everyone everywhere. We speak for the members of our individual associations - no more and no less. I can assure you that Hazel McCallion has both supporters and detractors at MIRANET though that's not the issue here. MIRANET is hosting the mayors TV debate to help expose all and issues candidates to the electorate. As you are proving this is also a somewhat thankless task though it is nevertheless something we as volunteers are doing because of our commitment to the democratic process and this city.

Rather than spend your time writing long notes criticizing MIRANET, as you are largely unknown across this city, I would suggest your time might be better spent going door-to-door introducing yourself and your platform to the electorate. As I do not intend to get into any kind of debate with you I will not be responding to any of your further e-mails.

He makes it perfectly clear that he feels no need what so every to deal with candidates for Mayor of Mississauga in any meaningful way.

Clear to me he intents to just shove down our throats whatever MIRANET cares to.

We can do something about this and hopefully get TV debated for the Candidates for Ward Councillor as well.

Please let me know if you are interested.

Dear Candidates: Here is a summary of the questions received by MIRANET over the weekend from Mayoral candidates regarding our televised A-C Forum. There are still many details to be worked out with Rogers TV, dependent on the number of participants and various production issues. As always, we are trying to share as much information as we have available. D.

Who is on the planning Committee?

The list of Residents' Associations reps who comprise the MIRANET committee for this project is listed on the [MIRANET Municipal Election webpage](#). We are working in concert with Rogers TV to plan the program. Rogers will produce the program, and has advice for us based on their experience.

Who is participating in the debate? Were all candidates invited?

The names of the candidates who have agreed to be part of the debate will be published together on our website after the 5:00 p.m. deadline today: Monday, September 27, 2010. Thus far, eight (8) candidates have formally agreed to participate and most of these have sent in their written platform statement for posting, or plan to. **All formal acceptances and platform statements received by 5:00 p.m. today will be acknowledged with a return e-mail.** If you do not receive a MIRANET acknowledgement that you will attend, then we have not received your RSVP and will not be including you in the event. All registered Mayoral candidates have been invited.

Will candidates for Councillor be involved?

No, this Forum will only be for Mayoral candidates. Various Residents' Associations and possibly other groups are arranging their own Ward-level debates, and Rogers TV is also taping the candidates in each Ward. The broadcast schedule will be published once available.

Will there be an audience or will it just be a TV crew?

This is still under consideration and will partly depend on the venue chosen to accommodate the number of candidates who participate. There is concern about a live audience during debates as the room could get filled with a few candidates' supporters and then it could come across unfairly. The question of candidates bringing a certain number of members from their campaigns is also being considered.

Will other media outlets be invited?

We will work this out with Rogers TV as to media presence in the room and access to the candidates.

How much time will the candidates have to speak?

This is entirely dependent on the number of participants, as we have a 2-hour time period to work with. We want to cover as many key issues as possible. The time will be equally allotted between all participating candidates.

Can you tell me where is the venue of your invitation?

The venue will be announced as soon as the arrangements can be confirmed (and only after the participating candidates are known).

Will candidates be able to make their own video recording?
This is an issue we will be discussing with Rogers TV.

Dear Mrs. Dorothy,

My name is Bryan Hallett and I feel I can speak on most of the mayoral candidates and say that this is a symbol of what we don't want happen in Mississauga, a non-democratic solution for the benefit of Mayor McCallion.

It was seriously funny after our press release came out, how you quickly jumped forward to offer your assistance.

My understanding is that your organization is a true supporter of the mayor and I truly believe that all of this is for the benefit for her. I think it would be a conflict of interest for you to get involved.

We never asked for you to get involved! Especially, giving Hazel special treatment by working times around her schedule and not asking the rest of us to see if we can be available by presenting times of our availability to work with?

We wanted a neutral 3rd party to sponsor our televised debate, that is if Rogers 10 can't handle the task.

Wait, It makes me think now as Rogers 10 also showed support for her by brutalizing our political speech along with the other television stations.

Consider this a protest as I will be making this known by way of other media sources.

By the way, if this invitation is a open to all mayoral candidates, I will attend!

Dear Mr. Jake Dheer,

As suggested by Don, I am forwarding my concern with regards to MIRANET and I figured that you are involved with them, you would be the people to mention this to. They are now choosing who can be there or not!

And also, as i thought we both have an understanding of each other from our conversation this morning that these people aren't giving everyone a fair and democratic right to participate in this event and this could also make you look bad too as you have agreed to join them. With all their ridicules rules and policies.

It is not just me, but others have repeatedly expressed great concern!

And I believe this is for the benefit of the Mayor!

(I wonder with the power that the P.M. Has, if he might find it to have some concern also. I'm going to contact one of the MPs that I have worked with in my past.)

I would like to ask respectfully that you pull your name from this group so we all can work together to bring a proper debate to the citizens of Mississauga.

Thank you for your time and consideration to bring these matters to a speedy resolution. If you have any questions or concerns, you may contact me at the bottom noted.

First of all do other you find it strange how Ursula Keuper-Bennett platform loads at the Miranet site and does it show up as the enclosed picture does, with words missing?

Secondly, things are not as simple as they should be when dealing with the Oct. 4., Applewood Acres Homeowners Association and Orchard Heights Association all Candidates meeting. Thought for sure the matter was reasonable settled when I brought the very odd refusal of "John F Walmark" <john@jfwsalesltd.com> President Orchardheights to allow recordings to a higher power and he called me to say I could bring what ever cameras cared to and do whatever I pleased over and over. But there was something in his voice and the fact I got nothing by E-mail that made me wonder - as a person who has be bitten by Hazel supporting Ratepayers in the past when the stakes were not so high.

Other persons who wanted to video asked if they could and were told this - "**No rules have not changed**". I just said to Mr Barber he can tape and record. Our rules have not changed , **it is his or your choice not to abide by our rules** or not".

Earlier, he went on the record saying - "Please note no Audio or Video will be allowed."

What is a reasonable person to think he is saying - how hard to just put in writing what he has said?

What he sent in that E-mail was not at all what I was told, in fact it looks like a threatening message if anything. You see I am looking for straight forward honest answer that doesn't change. Called him up and start getting the run around, being told candidates will not know the details of the meeting till the last minute and any issues as to where the cameras are put will be dealt with at start of the meeting - right way the red flags go up know this B.S. from years past. He builds in escape doors into statements, can record but not in any way they think could distract people cameras should be a back of room well away from where candidates will be sitting and even after told need to run it from where I am sitting he refused to deal with this issue before hand, which would have been professional and showed he stood behind his claim to be wanting to do as well as the Churchill Ratepayers meeting. **Churchill Ratepayers treated the candidates like proper guests** they cared about not fire off multi-colour E-mails of what they can't do and even before meeting them assumed they would be breaking rules!

If he expects me to wait till the last minute, playing the fool for him - think again - I don't play the bullies game and what happens next is because John F Walmark disrespects Canadian Democratic principals and traditions, that are so easy to up-hold.

Remember Hazel is out to win ANY WAY SHE CAN and she always uses other to do her dirty

work.

At what stage is the planning for the MIRANET - Oct. 5 - Mississauga Mayoral Candidates debate?

What details have been dealt with?

Where will it be and who can come?

We need to find out well before the date to sort out issues and as other Ratepayers groups are setting up meetings in such a way as to cause problems and even confrontations, we need to be involved or it will be said this is done to give Hazel McCallion the advantage.

The Right of candidates to record the event, on site still has not been answered and for the record it is not a Rogers issue alone.

To Participating Mayoral Candidates: Thank you again for agreeing to be part of MIRANET's Mayoral Debate to be taped by Rogers TV on **Tuesday, October 5, 2010 @ 7:00 - 9:00 p.m.**

We are pleased to announce that the event will be held at the **University of Toronto Mississauga** campus in **Room 3130** (the UTM Council Chamber) which is located in the William G. Davis building (also know as the "South Building"). [Click here for maps and directions.](#) See attached photo of the building. We would ask that you arrive by **6:30 p.m.** for pre-show check-in.

This venue can uniquely accommodate the ten (10) participating candidates, the MIRANET panelists and the media, along with an audience of UTM political science students and representatives from various residents' associations. **Each Mayoral candidate may bring one (1) campaign supporter** to sit in the audience.

Attached is a photo of the room -- you will note the large conference table where the candidates, panelists and media will be seated, with audience seating along two sides of the room. We believe this will be a comfortable and inclusive approach that will facilitate note-taking. Drinking water will be provided, along with name cards for the candidates, who will be seated in alphabetical order.

We have devised a round-robin format for mini-debates between subsets of the candidates, which will take place at podiums to be placed at the head of the table. Questions for the mini-debates will be drawn by lot, as will the candidate orders for opening and closing statements and responses to individual questions from UTM students and/or ratepayer reps. The draw for speaking orders will be done at 6:40 p.m. by each candidate. Those not present at this time will have their numbers drawn for them.

Timing will be done meticulously to ensure all candidates receive the opportunity for equal air-time. No credit will be accumulated for unused time throughout the course of the debate program.

Rogers TV will have four (4) cameras placed in the room and some seating will have to be removed to provide access for equipment and technicians. There will be a maximum of 22 seats at the conference table, and some audience seating may have to be removed as well.

There is interest in this event from the *Toronto Star*, *Globe & Mail* and *National Post* among the media who will be present for the taping, and they will now be informed of all these particulars.

The 500-word platform statements of the participating Mayoral candidates are posted on the [Election page of the MIRANET website.](#) Note that we are posting the platform statements of non-participating candidates separately.

Rogers TV is preparing a **Release Form** that all candidates must sign governing use of your image and copyright issues, which will also include acceptance of MIRANET's debate format and rules. Once this is ready, it will be sent to you with a deadline for advance return via e-mail attachment or FAX.

In addition we ask that you e-mail soonest a brief **Biography** (max: 100 words) that we may place in the media kits. We also require that you e-mail the name of your **attending campaign supporter** to be included on the

check-in list for access to the room. Deadline for receipt of your bio and the name of the supporter coming with you: **Sunday, October 3 @ 12:00 noon.**

Thank you for your patience as we continue to work through the format and production details of the event in conjunction with Rogers TV.

The issue of candidates being able to use their own video cameras has not been addressed.

NOTE if a person wants copy right over me and for an event that I am at & involved in, then they have to in some pay for it.

If you are saying we can't be apart if don't sign it - my I remind you no other Ratepayers have asked this.

If the media is there then should be about to ask questions.

General public should allowed.

And other issues have not been addressed.

RE: MIRANET, Oct. 5 - Mississauga Mayoralty Candidates debate to be broadcasted by Rogers

Dear Sirs:

Oct. 1, 2010

Currently Rogers TV - Mississauga and Mississauga Residents' Associations Network (MIRANET) are working together to deliver to Mississaugan voters a Mayoralty candidates debate which they are going to claim is a proper, unbiased and Democratic, all candidates debate. Given the issues that have arisen and the failure of Rogers & MIRANET to deal professionally and responsibly with the candidates for the Mayor's office in the 65th largest City in Canada, in a very important & serious election year - it can only be seen as a clear case of bias, favoritism and done to give Hazel McCallion the advantage at the polls. Many concerns have been raised and E-mailed to MIRANET, only to receive inadequate replies and issues not dealt with properly if at all.

Given the short time and lack of effort by Rogers both now and in the past, this will be presented directly to the CRTC and asking them to not allow this debate as it currently is structured as it is created bias and prejudice and that this bias and prejudice is going to be broadcasted by Rogers to affect voters in a Canadian election. That if the CRTC can't prevent the broadcast they should at least instruct Rogers it can't inform voters and watchers that it is a proper all candidates meeting/debate but in fact is a commercial by MIRANET in favor of the candidates it promotes. It will also be presented to Mississauga voters as an example of how the media does Hazel McCallion's campaigning and the CRTC will be presented with the issue of how Jake Dheer defies the Mississauga Inquiry Judges order/decision as other examples of media bias that defiles Canada law.

I am willing to discuss my letter with you and there is an answering machine you can leave a detailed private message on. My phone number is (905) 278-7877 & E-mail: donbar@eol.ca.

Donald Barber - Candidate for Mayor 1994, 1997, 2000, 2006 and 2010.
