RE: Formal request for charges & arrests in regards to a death threat and/or intimidation towards City of Toronto Elected officials, City of Toronto staff and suggesting destroying City hall.

Dear Sir:

Apr. 28, 2008

In the Toronto Sun, Apr. 27, 2008, the below cartoon was printed that clearly advocates the terrorist act of blowing up Toronto City hall and specifically making sure that the City "Council chamber is full before detonation" of Toronto Councillors. It also shows wires running to other parts of Toronto City hall for what could only be to promote the idea of blowing up the whole building with explosives - **killing all inside**.

A legal precedence was recently set in Peel, in the case of Antonio Batista a 75 year old man who wrote and did a very limited distributed of a satirical poem suggesting that a Mississauga Councillor who thought pot holes were not all bad, should be buried in one. He was found guilty of the offence of **uttering a threat to cause death, pursuant to s. 264.1 (1)(a) of the Criminal Code of Canada**. As the "**actions of the accused crossed the line from permissible political comment to prohibited criminal conduct.**" At the very least the charge of **Intimidation** towards elected officials should be laid.
